Gordon the obese and vengeful fairy

Gordon, bereft over the loss of Eli to a hideous evil monster, found himself becoming extremely overweight with an acute risk of being a fatass. Then his best buddy Kleiner gave him a sexy pep talk. And with that Gordon had the strength to finally leave his house and avenge his handsome black friend's death. After rigorous handsome training, Gordon became a magical fairy prince and flew up high into the clouds for the FINAL BATTLE where Dawn fucking died. Later, Gordon went back to science and Gary became an alcoholic.
